Legend

Live-Stream (Hopin)	Online viewed individually or in groups
Self Directed	Teams and Individuals to determine specifics
Live (Zoom)	Interactive virtual section with other groups
Pre-recorded material	Choose what material you will watch

Schedule Description

Sessions	Sessions will have 3 components, Intros including interviews and fun, worship and teaching. Each session will be hosted on a platform called Hopin and also available to watch on YouTube. I will send out invites for each participant and/or group to log into Hopin. This platform allows everyone to engage SOAR like a conference with different session rooms, and a stage space for main sessions. This will also make the livestream much more stable. Check out Hopin (https://hopin.com)
Team Time	This is a time for you to process the teaching and experiences with your SOAR team. You can choose how best your group can engage this time if it is in person, outdoors, by zoom, etc.
Leader Mtg	We want to stay connected with each of the leaders and support you as you support your team. The Leader Meeting times will be to connect with you and see how we can be supporting and praying for your team. This will also be a place of encouragement from other team leaders. We will have a space during these meetings to give any updates for the upcoming day.
Learning Tour	The learning tour is meant to expose your group to the spiritual and physical needs right here in Winnipeg. This will look very different from what it has in past years. There will be a guided walking tour for your group where you will have different stops in Winnipeg's North End and be able to read stories and spend time praying for different communities. The other component this year will be a gamified simulation of someone who has gone to prison and then been released. You will be given a package with all the information to be able to take your group on your own through the Learning Tour.
Meal Times	This year will just be a day camp from your own location so you have the choice of how you want to handle meals. We have a chef that is willing to prepare all lunches and suppers for your group if you want. This portion will cost about \$75/person for the full 5 days. Another option would be to have your participants just bring a bag lunch and someone from your church provide supper. If you want to order pizza for all meals feel free :)
Devotionals	This will be a simplified version of sessions with space and time for participants to reflect and share. This will be done on zoom and we recommend that all participants would join from their own homes so that individuals can each have a chance to share and interact with the broader SOAR community in small breakout groups.
Workshops	There will be a mixture of live (Hopin) and prerecorded (YouTube) workshops this year. You will receive a list with descriptions so you can choose what ones you want to attend. You can do this as a group or as individuals.
Prayer	We will arrange a prayer time either through zoom or in person with your team where we will have an intercessory team pray for each of you individually. In this space we want to take some intentional time to listen to God's voice together in community and be able to encourage one another.
Ministry Day	We hope that you might have a preference for ministry already that will fit into the larger ministry and outreach of your church. If you are wanting we can help you arrange this ministry. We have a list of ministry opportunities that our team would recommend and can work in this season.
